Dear Secretary Dortch:

At the October 21, 2010 frequency coordination meeting of the Region 5 700 MHz regional planning the attached spreadsheet of changes to frequency allocations was voted on and approved by the members. Region 5 requests the FCC approval of these changes.

This request was filed without the concurrence of the adjacent regions. We realized this after filing and have requested and received concurrence from Regions 3, 6, and 27. Those concurrences are also filed with this letter.

Sincerely
